

Service Professional Seminars Are Here!

WHY TRAIN WITH US?

Flexibility : Training sessions are broken down into product categories. You choose the workshops that meet your personal training needs.

Training sessions are designed for the Authorized and Non-Authorized Independent Service Contractor.

Experience: All training sessions are conducted by Whirlpool Product Training Specialists.

Cost Effectiveness: Cost includes technical training manuals, product hands on disassemble and diagnostic techniques.

Convenience: Training sites are in your local market. Less travel time and expenses.

Leading Technology: You will train on the current and next generation models utilizing the latest technical advances and innovations.

Whirlpool Corporation Attn: Jay
Pantaleano

IMPORTANT NOTICE PLEASE READ

For a training session to be conducted there needs to be 12 registered students by the registration deadline. (Two Weeks prior to Class Date) If not, the training session will be canceled. For this reason we highly recommend that you do not make any airline reservations that cannot be canceled or changed before the training session registration deadline.
